Your massage session is in a tranquil, private room. Your therapist will leave the room to allow you to disrobe and lay down on the table under the top sheet. You may prefer to completely disrobe or remain partially clothed. During your session, your therapist will only uncover the area of your body being worked on.

A Massage Therapist's Guide to Pathology by Ruth Werner

A massage therapist can create a niche in their private practice that includes pain relief, sports performance, post-op or rehabilitation. The possibilities are wide open. Likewise, a massage therapist can take their skills to clinics, work in hospitals, with sports teams or rehabilitation centers. A massage therapist can also apply myofascial release to enhance their understanding of the body in a relaxation massage in a spa setting.
