Reference Books. Textbooks can only cover so much. They give you a solid foundation in Japanese, so you can go out into the wild with the tools to learn all the other little things that exist in the language and culture. These tools should consist of vocabulary, grammar, syntax, and some kanji too.

Describing Bar Charts and Column Charts (1) Bar charts and column charts are similar: only their orientations differ. A bar chart is orientated horizontally, whereas a column chart is arranged vertically. Sometimes "bar chart" refers to both forms. These types of charts are usually used for comparison purposes (unlike line charts, which describe change).
