### Arrl Org Ham Radio License

Amateur Radio is regulated by the Federal Communications Commission (FCC) under the Communications Act of 1934. It is also subject to numerous international agreements. All Amateur Radio operators must be licensed. In the U.S., there are three license classes. The higher the class of license, the more frequencies are available.

### HamExam.org: Free Amateur Radio Practice Tests with Flash ...

While license application requirements vary by country, the Amateur Radio Service is also controlled by international law and agreements. Radio waves do not stop for international borders, and the FCC acknowledges the ability of the hobby not only to advance radio communication and technical skills, but also to enhance international goodwill.
