Academic Research Referencing Davis. The 1994 publication of the book, *The Gift of Dyslexia* described a new theory of dyslexia which has influenced many researchers. Rather than looking at dyslexia as a disability or mental defect, Davis described it as a function of picture-thinking, with an accompanying array of strengths and abilities.

~~International Dyslexia Association — ...until everyone can read!~~
Welcome to Dyslexia and Literacy International. This new organization combines Dyslexia International, Belgium, which was dissolved on 21 June, 2019, and Literacy International, a Registered Charity in England and Wales.
