[Fetal pig dissection lab analysis questions answer key ...](#)

Through the dissection of the fetal pig, we were able to compare and contrast the structure and functions of the organs to those of a human. We dissected the pig and observed all the exterior and interior structures. We found that because both are mammals, the fetal pig's structure was almost identical to the human body.

[Fetal Pig Dissection Lab Analysis Questions Flashcards ...](#)

The pig dissection was a learning experience that allowed students to distinguish the many organs and organ systems in the pig's body and, ultimately, the organs and organ systems of the human body. Although the pig fetus was larger than what was expected, the procedure went well and all the necessary parts of the pig were visible.

I chose to participate in the real fetal pig dissection because it was a new experience that definitely benefitted my learning of the actual systems and the pig as a whole. I think it's important for many students to participate or even just watch the pig dissection because you learn practical techniques that need to be shown.
