some time and trouble if you read the first few paragraphs first before jumping in.

13 Off-Grid Washing Machine to Wash Your Clothes Without ...

Haus Appliances. Not much is known about this brand beyond that it appears to have been an Argos own label brand or, we can only find it being sold by Argos at any rate, and that it's the usual re-branded Chinese stuff. In other words, to avoid the words total rubbish, it's not very good.

Washing Machine Manual Manual - WashingMachineManuals.com

Our washing machines can actually hold us back from that goal. If you have a fancy new washing machine, and it breaks, you usually have to call a repairman to fix it. They charge an arm and a leg for a minor repair. It also costs quite a bit to run it on the electric grid. Maybe you still aren't entirely convinced.

haus 1 HW50 1010S

I have given up on my Haus washing machine. I changed the pump, the level sensor, had the motor off, checked the controllor board for dry joints,etc. Still remains stuck on a spin cycle and all the controls are disabled. Spent hours on the forum looking for answers but most problems seem to be that machine will not empty or will not spin.
