### Patient Records for Windows 9 - lytec.com

This section of the Lytec billing software manual will usually have diagrams of each data entry screen so the user will know where each field is and also, a complete description of each field will be included as well. The next set of Lytec billing software manuals will usually focus on how to do billing, whether it be through printing out HFCA forms or sending claims electronically.

In Lytec versions before 2010 and 2011, you can simply go to the File Menu and select the Export option. If you have a Lytec version 2010 or later, you will want to go to the Tools section, then under the Export menu, select Patients. In the new pop up window, you can just click OK and continue to save the file to your computer's desktop.
