DIY Outboard motor stand pictures and plans

The Boating Forum - DIY Large outboard stand - I need to keep a Yamaha HPDI 150 (468 lbs) in my garage. Can anyone give me any tips / info / plans to build a large outboard motor stand ? Thinking using 2x4s for the legs and a 2x8 for the "transom" board, but not sure if they'll hold that much weight, and

How to Build an Outboard Motor Stand | Gone Outdoors ...

DIY Outboard motor stand pictures and plans Do you have an outboard motor sitting on the floor of your garage? Looking for a simple way to change oils, winterize it, and/or store it for winter? Take a few hours of time and throw together this motor stand: Here ...

DIY Large outboard stand - The Hull Truth - Boating and ...

Re: Building an O/B motor stand - Instructional (new_boater) that is a great suggestion about the signature link. I think I will go ahead and do that tomorrow. (tmcavary) a beverage rack would be a good idea. Lets see what we can do about that. I do have a few things to add to it still. I need to mount the battery and gas tank.

Turn Scrap Lumber into an Outboard Motor Stand - The ...

Re: Outboard Motor Stand plans I used to use an old hand truck I got from a garage sale (\$10.00) and had a friend weld a steel plate on it. I can move the motor around with ease. You can also check Ebay or Craigslist for used hand trucks built for outboards.

Amazon.com: outboard motor stand

Whether you use it for storage, or a way to swap out one outboard for another, an outboard motor stand consists of two assemblies. One is a framework topped with a board – an engine support rail -- approximately the thickness of your boat's transom, to hold the motor. The other is the base that supports the framework ...

DIY Outboard motor stand pictures and plans | Outboard ...

A motor stand, especially one on casters, makes maintenance and storage a breeze. You can buy a manufactured stand, like this one from Garelick, but if you have a few spare 2x4s and some deck screws, you can make one for next to nothing. All you need is a good set of plans.

Building an O/B motor stand - Instructional Page: 1 ...

Building a boat motor stand for outboard motors step by step and cheap including wheels to move the motor and stand. Easy to understand and proven! www.faceb...

Outboard Engine Stand Plans

When I recently bought an outboard motor, I needed a stand to keep it on while I finish building my Glen-L boat. I found a few good tutorials online for building your own stand. However, I wanted my stand to have the same 12 degree transom angle that is common to many Glen-L outboard boat designs.
