Starshoot Autoguider Vs Dsi Reviews

Orion Starshoot autoguider Vs DSI? - posted in Beginning and Intermediate Imaging: I am debating whether I should get one of the Orion StarShoot autoguiders or not. I currently have an EQ6 Pro mount that I put a Meade SN-8 on and guide through an Orion ST80 with a Meade DSI. I use the EQMOD pulseguide option and use PHD Guide. The question is, has anyone used one yet and would it benefit me?

Orion Starshoot autoguider Vs DSI? - Beginning and ...

Guiding with Meade DSI and Phd question - posted in Beginning and Intermediate Imaging: My starshoot autoguider took a dive so before I go out and buy a new camera with which to guide, I thought I would ask if any people are using a Meade DSI via phd to guide with. I have a DSI but I am unsure how I would connect it to guide with given that it only has one port, whereas the starshoot has two. In ...

Orion StarShoot AutoGuider | Orion Telescopes ...

Orion StarShoot AutoGuider. The Orion StarShoot AutoGuider has revolutionized autoguiding and the capture of deep-sky images by mechanizing the tedious and tiring method of manually guiding an exposure, which involved staring endlessly into an illuminated reticle eyepiece while tweaking your mount's electronic drive controls by hand to keep the stars pinpoint sharp.
