Just putting the word out there that this book was published in 2013 and this story here is exactly the same as Until Forever Comes (The Mate Series Book 2). Obviously this 2016 release has a slightly different title and different cover. Not checking the blurb, I thought this was a new release. Boy was I wrong.

A paranormal LGBT novel Until Forever Comes, by Cardeno C, is the second installment in the Mates Series. I have not yet read Wake Me Up Inside, but have been told that reading this book first is better, since it is set chronologically before the first book.

Until Forever Comes Mates 2
Book #2 Until Forever Comes is the second (stand alone) book in the M/M shifter "Mates" series. I read and enjoyed #1 - Wake Me Up Inside (3.5 stars) maybe a year ago. In that first installment we had a quick (interesting) meeting with the main characters in this second novel (that takes place before the first book).

Until Forever Comes (2013) About book: CC's books are my go to when I need a short feel good romance to pull me back up. I'm reading them all over the show in order (for instance in Mates I read book 3 first and now i've read book 2, yet I still haven't read 1 yet) but I don't care.I'm gradually catching up on the back catalogue.

The challenge is keeping themselves alive so they can stay by each other's side until forever comes. REVIEW: I've read the Mates series previously and this second book is by far my favourite. With the whole series being re-released, I jumped at the chance to review Until Forever Comes and throw some love in Ethan and Miguel's direction.

Mates Series by Cardeno C. - Goodreads
In this second book in the Mates series, we get to revisit two characters that showed up briefly toward the end of the first book, Ethan and Miguel. When I read about their characters in that book, I found them intriguing and was hoping that I'd get to find out more about them. So, I was very happy to see that Until Forever Comes was their story.
