*Up High in the Trees* is a beautifully written novel told from the point of view of a precocious eight-year-old boy, whom I suspect is autistic, although were never told. Despite dealing with the death of a mother, its a refreshing take on *Up High in the Trees* is definitely outside my comfort zone, meaning I wouldn't usually pick it up.

Trees and Carbon Dioxide . While all living plant matter absorbs CO<sub>2</sub> as part of photosynthesis, trees process significantly more than smaller plants due to their large size and extensive root structures. Trees, as kings of the plant world, have much more "woody biomass" in which to store CO<sub>2</sub> than smaller plants. As a result, trees are ...
