### *Valuation Of Plant And Machinery*

The basis of valuation for a machinery valuation could be Market Value, Equitable Value or Fair Value. Each of these three bases has its own definition. The basis of valuation is determined by the purpose of valuation, for example if the purpose of the exercise is to ascertain an expected selling / asking price on the open market, then Market Value is the appropriate basis.

### *Plant & Machinery Valuation Services in Singapore*

An equipment valuation is not limited to an individual piece of equipment. A valuation can be used to determine the value of production lines, a complete operating facility, or multiple operating facilities.
