Waterfall is the only former signature move to later become an HM move. In Pokémon Platinum, there is a waterfall in Distortion World that can be climbed without having the move Waterfall or the Beacon Badge. This is likely due to the fact that gravity is not normal in this world; the player appears to be "surfing" on the waterfall's surface.

Waterfall (Jon Schmidt Original) - The Piano Guys - YouTube
The Waterfall Model was the first Process Model to be introduced. It is also referred to as a linear-sequential life cycle model.It is very simple to understand and use. In a waterfall model, each phase must be completed before the next phase can begin and there is no overlapping in the phases.
