We've been talking this month about setting goals. If you missed previous articles, like whether churches should set goals, the 4 types of goals, or the 1600 word article explaining our 7-step goal-setting process, you can find them all here.. Sometimes the planning for the next year involves evaluating the church website.

Web Type: Start Here! By Tom Arah | Used - Very Good ...

Hi my name's Kezz Bracey for Tuts+. Welcome to the first lesson of start here learn HTML basics. In this lesson we're gonna start at the very beginning and that's with a quick rundown of what HTML actually is. So the actual term HTML stands for HyperText Markup Language. Now the key word in there is Markup so HTML is the type of markup language.

Start Here | an introduction to the webmaster's world

A "Start Here" area is a page on your website that helps people have the best possible experience on your site. It assumes that people don't know who you are and have never visited your site before. It also gives them a brief introduction to your site's purpose and exactly what their next steps should be.

Here You Go! Get this: keyboarding helps students learn the alphabet! As a technology teacher, I see roughly 500 K-5 students for 40 minutes a week. While kids may be a wiz on a tablet or a touchscreen device, I've discovered many of them have never used a keyboard or managed a mouse. So that's where I start.
